Monday 17th March	<b>Plenary 1: New Professionals Forum - Empowering Tomorrow's Leaders</b>											
	Registration & Networking	New Professionals Forum Open ICRSE Welcome Address ISPRS Welcome Address	<b>MAIN STAGE</b> Keynote: Professor Adam Amara Director of Space Strategy & UKSA Chief Scientist  Keynote: Harshbir Sangha, Director Missions and Capabilities (EO, PNT, Space Security, Safety and Resilience), UK Space Agency  Panel 1: EO and SDG 17: Building Global Partnerships NASA, NOAA, CBAS, Eumetsat	Morning Refreshments & Networking	Panel 2: Transformative Earth Observation Technologies	Lunch & Networking 1-2-1 Mentoring Sessions		Parallel sessions Track A: Workshop 2: New Professional Forum - Youth Vision for EO 2030  Track B: AI and Machine Learning in EO: Driving Innovation  Track C: Technical Presentations	Afternoon refreshments & Networking	Panel 3: Dealing with Data Deluge  Panel 4: Next-Gen Earth Observation: Fueled by Diversity	Day 1 - Closing Remarks	New Professionals Forum Ice Breaker
Tuesday 18th March	<b>Plenary 2: Climate Change and Environmental Monitoring</b>											
	Registration & Networking	<b>MAIN STAGE</b> Keynote: EO for Climate Resilience and Environmental Sustainability  Keynote: The SDGSAT-1 Mission and Its Role in SDG Monitoring  Panel 1: EClimate Change and Environmental Monitoring		Morning Refreshments & Networking	Panel: EO for Sustainable Water Resource Management  Panel: Building on the Success of Norway's International Climate and Forest Initiative (NICFI)	Lunch & Networking 1-2-1 Mentoring Sessions	Special Sessions	Afternoon refreshments & Networking	Special Session: African Horizons: EO Leadership and Legacy in Sustainable Development  Technical Presentations  THEMES: 1. Climate change – Policy 2. Agriculture and Vegetation	Main Stage Panel: Current and Future EO Missions	Day 2 - Closing Remarks	
Wednesday 19th March	<b>Plenary 3: EO &amp; Sustainable Urban Development</b>											
	Registration & Networking	<b>MAIN STAGE</b> Keynote: Opening Address  Keynote: EO for Sustainable Cities  Keynote: Remote Sensing for the Analysis of Global Urbanization – A story about knowledge and ignorance		Morning Refreshments & Networking	Special Session: Harmonizing Geospatial Information: The Role of ISO Standards in Earth Observation and Sustainable Development  Technical Presentations  THEMES: 1. Urban Climate Change 2. Biodiversity and Soil Moisture 3. Sustainable Land Resources	Lunch & Networking 1-2-1 Mentoring Sessions	Special Sessions	Afternoon refreshments & Networking	Technical Presentations  THEMES: 1. AI & Machine Learning 2. Novel Technologies 3. Innovative Dataset Technologies	Joint ISRSE-40 & Farnborough International Space Show (FISS) Networking Reception		
Thursday 20th March	<b>Plenary 4: Blue Economy and EO (Marine and Maritime)</b>											
	Registration & Networking/ Refreshments	<b>MAIN STAGE</b> Keynote: UK's leadership in the space economy and EO.  Panel 1: Satellite Monitoring for Ocean Activity and Polar regions  Panel 2: The Blue Economy: Accelerating Sustainable Growth through Earth Observation		Morning Refreshments & Networking	Special Sessions: Session 1: How can EO contribute to the Social in ESG reporting?  Session 2: How EO can help scale-up blue carbon offsetting and ecosystem services  Technical Presentations  THEMES: 1. Urban Climate Change 2. Biodiversity and Soil Moisture 3. Sustainable Land Resources	Lunch & Networking 1-2-1 Mentoring Sessions	Special Sessions	<b>MAIN STAGE</b> Panel: GNSSR	Closing Ceremony
